

PENNSYLVANIA HIGH SCHOOL GRADUATION REQUIREMENTS: LEA GUIDE TO PROPOSED CHANGES

In order to graduate from a public high school in Pennsylvania, a student must meet specific requirements established by the Local Education Agency (district, charter school, or career and technical center) in which s/he is enrolled. These local requirements include graduation requirements mandated by the Commonwealth to guarantee that a Pennsylvania diploma reflects the knowledge and skills that our graduating students need to be successful in college and the workplace in an increasingly complex and challenging economy. This guide is designed to assist Local Education Agencies (LEA) in understanding how proposed changes to Pennsylvania’s Public School Code, which authorizes commonwealth graduation requirements, will impact local requirements for graduation.

PLEASE NOTE: The new high school graduation requirements, if approved by the State Board of Education, will apply ONLY to students graduating from high school in (or after) 2017.

Proposed High School Graduation Requirements for a Student Graduating in (or after) 2017...

- ✓ S/he WILL NOT be required to complete a culminating project (a current commonwealth requirement), unless one will be required by your Local Education Agency (LEA).
- ✓ S/he WILL be required to demonstrate proficiency in each of the content areas listed below by passing Keystone Exam, an Advanced Placement (AP) Exam, an International Baccalaureate (IB) Exam, or a local exam¹ in the related content area. If necessary, your LEA must provide supplemental instruction until proficiency is demonstrated or criteria are met for project-based assessment participation.

¹ Your LEA has the option to approve and independently validate an assessment other than a Keystone, AP, or IB Exam provided the assessment meets specific criteria established by the Commonwealth. Out-of-state transfer students who have passed other states’ assessments may be deemed proficient by your LEA provided the assessments meet Commonwealth guidelines.
² The development of English Composition and Civics & Government Exams is contingent upon funding availability.
