➤ Intervention Catalog Overview

➤ Intervention Catalog Overview

The Intervention Catalog may include a range of attendance, behavioral, academic, and/or social-emotional programs or agencies available in each district for use as a tool to assist at risk students. Under each category, the interventions for the catalog could include the following:

Attendance: Truancy elimination services, attendance monitoring

Behavior: Positive behavior supports, character education resources, anti-bullying, anger management

Academic: tutoring, afterschool programs, IEP, 504 services, career planning, differentiated instruction, study skill instruction

Social-emotional: Social workers, counseling, SAP teams, mental health, substance abuse education and services, mentors, ecumenical ministerial services

➤ Intervention Catalog Overview II

- Additional state-mandated interventions should be included in the catalog such as the Student Assistance Program, truancy elimination programs supported by the county courts, mental health interventions, and drug and alcohol abuse services.
- The Intervention Catalog is customized to meet the specific needs of the students in the district. Therefore each district will need to work with their community partners and district staff to determine all of the appropriate interventions to include in the Intervention Catalog.
