Test Administrator Guidance

Keystone Exams are state-developed end-of-course assessments. Based upon Chapter 4 regulations, each Keystone Exam is designed in modules that reflect distinct, related academic content common to the traditional progression of coursework. The Pennsylvania Department of Education (PDE) has developed a project based assessment system (PBA) that is aligned with the modules for each Algebra I, Biology, and Literature Keystone Exam for students who are unable to demonstrate proficiency on a Keystone Exam or Keystone Exam module. Successful completion of a project based assessment (PBA) aligned to the Keystone Exam or Keystone Exam module on which a student did not demonstrate proficiency shall satisfy the Chapter 4 Keystone Exam graduation requirements.

A student who did not score proficient on a Keystone Exam or Keystone Exam module shall be provided supplemental instruction consistent with the student’s educational program by the student’s school district, AVTS or charter school, including a cyber-charter school, until the student can demonstrate proficiency in the subject area via the Keystone Exam or the student begins a project based assessment.

The Project Based Assessment system shall be administered by schools and scored by statewide review panels composed of evaluators: teachers, principals, and curriculum specialists assembled by PDE. The review panels shall score student projects according to scoring protocols and rubrics developed by PDE.

The Test Administrator is assigned by the School Assessment Coordinator to monitor students as they work on projects.

- Provides log on information for students to work on projects
- Monitors students as they work in order to maintain a test environment
- Does not provide remedial instruction unless also designated as a tutor

Introduction
This document is designed to provide guidance to educators assigned to the role of Test Administrator in the Project Based Assessment. Listed below are resources to prepare Test Administrators for the essential role they have in the implementation of the Project Based Assessments.

Each resource provides information related to the various aspects of the PBA process. It is recommended that Test Administrators read through each resource to gain background and knowledge of the Project Based Assessment.

Resources
1. Frequently Asked Questions (http://www.pdesas.org/module/assessment/About.aspx)
   Purpose: The FAQ provides the Test Administrator with an understanding of project design, student participation expectations, evaluation process, etc.

2. PBA Video (http://www.pdesas.org/module/assessment/About.aspx)
   Purpose: This approximate 8-minute video will provide the Test Administrator with an overview of how the site functions from a student perspective.

3. Roles and Responsibilities (http://www.pdesas.org/module/assessment/About.aspx)
   Purpose: This document provides a summary of the roles for all stakeholders in the PBA process.

4. Released Field Test Projects (http://www.pdesas.org/module/assessment/About.aspx)
   Purpose: Reviewing field test projects will provide insight into the design and flow of the project.

5. Technical Assistance (See Appendix A at the end of this document.)
   Purpose: The User Guide for Test Administrators provides a step by step guide to navigating the PBA site.

6. Help Desk
   Purpose: The SAS Help Desk is available to assist Test Administrators with issues related to site access, navigability, site problems, and general troubleshooting. The Help Desk can be accessed via email at helpdesk@pdesas.org or toll free at 1.877.973.3727.
Tips for Test Administrators

1. **Confidentiality**
   Serving in the role of the Test Administrator you must maintain the security of the project based assessment (project or PBA). Handling of the project based assessments and promoting a fair and equitable testing environment are essential to obtain reliable and valid student results. When you access the PBA Test Administrator site for the first time, you must agree to the confidentiality statement in order to continue.

2. **Printing of Student Resources**
   Students may print out readings or materials embedded in the PBA; however, those materials may not leave the room. Additionally, students may not bring any materials with them into the test.

Home Tab

The **Home** tab of the **PBA** site contains basic information about the nature of the site and contains supporting multimedia.

Listening to the Quote

PBA contains a collection of educational and inspirational quotes located on the left side of the **Home** page.

1. Navigate to the **Wise Words** area on the left side of the **Home** page.
2. Ensure that your computer volume is on and your speakers/headphones are connected.
3. Click on the **Listen** icon to begin listening to the quote.

Utilizing the Voki® Tool

A **Voki®** is a website application that allows the presentation of a speech recording by a virtual being.

1. Locate the **Voki®** window on the **Home** page.
2. Ensure that your computer volume is on and your speakers/headphones are connected.
3. Click on the **Play** button to begin listening to the **Voki®** speak.
4. The buttons may be used to pause, play and adjust the volume.
Messages Tab

The Messages tab is where you will receive messages from and can reply to your students. Clicking on the Messages tab will take you to the Messages page from any point in a project.

Test Administrators are able to view Project Notices, Inbox and Sent messages.

New messages from your students have a “New” icon next to their information.

Inbox

The Inbox sub-tab (within the Messages tab) is where you will find communications from PBA users.

Click the plus (+) next to the Message title to expand the section and display the Message.

Click the Reply icon to respond to the Message.
A window will open; enter your reply.

Click **send** to send your reply.

**Sent**

The **Sent** sub-tab is where you will find any **Messages** you have sent through the **PBA** system.

**Messages** are identified by the date and time that they were sent.
Student Access Code

A Test Administrator (the individual present while a Student is working on a project), may generate a Student Access Code. The Student Access Code allows Students to access and work on their projects.

Click the Generate Code button to display an Access Code. Please note that this temporary login will be active for only 60 minutes, but can be used by multiple Students during that time.

Inform your Student(s) of the Access Code. The Access Code should be entered into the Project Code field in the Student’s My Projects tab.
Frequently Asked Questions (FAQ) Tab

1. To begin, click on the FAQ tab on the Navigation Bar.

2. Scroll down the page to view the Frequently Asked Questions.
