INTRODUCTION
These standards describe what students should know and be able to do with the English language, pre-kindergarten through grade 12. The standards provide the targets for instruction and student learning essential for success in all academic areas, not just language arts classrooms. Although the standards are not a curriculum or a prescribed series of activities, school entities will use them to develop a local school curriculum that will meet local students’ needs.

Five standard categories are designed to provide a Pre K – 12 continuum to reflect the demands of a college and career ready graduate:
Standard 1: Foundational Skills begin at Pre Kindergarten and focus on early childhood, with some standards reflected through Grade 5. These foundational skills are a necessary and important component of an effective, comprehensive reading program designed to develop proficient readers with the capacity to comprehend text - both literary and informational across disciplines.
Standard 2: Reading Informational Text enables students to read, understand, and respond to informational text.
Standard 3: Reading Literature enables students to read, understand, and respond to works of literature.
Standard 4: Writing develops the skills of informational, argumentative, and narrative writing as well as the ability to engage in evidence-based analysis of text and research.
Standard 5: Speaking and Listening focuses students on communication skills that enable critical listening and effective presentation of ideas.

With a focus on college and career readiness, the instructional shifts as reflected in Common Core are evident throughout the PA Common Core Standards:
Balancing the reading of informational and literary texts so that students can access non-fiction and authentic texts as well as literature
Focusing on close and careful reading of text so that students are learning from the text
Building a staircase of complexity (i.e., each grade level requires a “step” of growth on the “staircase”) so that students graduate college or career ready
Supporting writing from sources (i.e., using evidence from text to inform or make an argument) so that students use evidence and respond to the ideas, events, facts, and arguments presented in the texts they read.
Stressing an academically focused vocabulary so that students can access more complex texts

The English Language Arts Standards also provide parents and community members with information about what students should know and be able to do as they progress through the educational program and at graduation. With a clearly defined target provided by the standards, parents, students, educators and community members become partners in learning. Each standard implies an end of year goal – with the understanding that exceeding the standard is an even more desirable end goal.
