NEXT STEPS**

Outline a transition plan you might follow. Consider the questions below as you begin your planning.

- Do our teachers have an understanding of PA CC and the instructional shifts?
- Do we have content aligned to the standards?\*
- Do we have rigor? DOK?\*
- How do we ensure instruction is aligned to the revised curriculum?
- How about the assessments?\*
- What do we need to do to ensure the curriculum is implemented with fidelity?
