

# OCDEL Research

The screenshot shows the OCDEL Research website homepage. At the top, there is a navigation bar with links for Home, Maps, Reports, Research Briefs, Research Initiatives, Research Summaries, Web Links, and Early Childhood GIS User Group. Below the navigation bar, the text reads "Welcome to the" followed by the Pennsylvania logo and "OFFICE OF CHILD DEVELOPMENT AND EARLY LEARNING OCDEL Research Page". Underneath, there is an "About Us" section with three paragraphs of text. The first paragraph states that since its inception in 2007, OCDEL has focused on creating opportunities for the commonwealth's youngest children. The second paragraph describes OCDEL's work with various partners to provide high-quality early childhood programs. The third paragraph mentions OCDEL's goal of building a strong foundation for children through a statewide standard for excellence. Below the "About Us" section is a "What's New" section with three items: "MEOHV Needs Assessment (2014)", "Program Reach and Risk Assessment 2015-16", and "OCDEL Public Data File". A small note at the bottom of the "What's New" section explains that the data file is updated quarterly and provides contact information for Michelle Hill.
